

# **Lumsden Public Works**

**6/8/10**

## **Equipment:**

- Unit #90 crawler loader: waiting to hear back from Kramer and looking into some options from Marcel Equipment.
- Unit #100 John Deere mower: Is down for repairs and should be back in service by the end of the week.

## **Landfill:**

- Litter picking at the landfill is 90% complete.

## **Drainage:**

- Kehler Shrubs has been replaced,
- There is a fair amount of erosion repair to be done due to the amount of rain and will be repaired as time permits.

## **Roads:**

- Dust Control: Is re-booked for this Friday weather permitting.
- Crack sealing has been started and has been slowed by the weather and is 25% complete.
