## One Mother's Story

A daughter's rebellion followed by her shocking, untimely death in a jail cell, brings unthinkable grief and a search for truth. As days turned into months, then into years, life and peace begin to return to a sorrowing mother's heart as she learns to focus heart and mind on the Living God, just as promised in His word.

He had been there first. He, too, had lost a child. He knew. God's only Son was perfect. Leanne's behavior was far from perfection, yet she was deeply loved. Left behind, her sister and mother search for meaning and answers in a far from perfect world.
