

Lumsden Public Works

1/11/2011

Equipment:

- Routine equipment maintenance and repairs have been going on.

Drainage:

- I have looked at the AE proposal for engineering and the storm would have to be extended from Lake St. and 7th ave. I also believe it should read *solve surface drainage issues*. (this is under project understanding)
- We would like to purchase 5000 more sand bags for \$4000, and 2 more 4" Honda pumps for \$2500 each. To begin preparation for spring.

Roads & Sidewalks

- Snow removal and windrow removal from the bus route will be on going

Misc.

- X Mas decorations should come down this week.
- I have talked to Dale Reinhardt about purchasing the IH fire truck and he was going to get back to me by Jan. 11 in the evening.
