Draft Official Community Plan:

- John handed out a revised draft of the Official Community Plan for the members to consider. This is an update from the initial draft sent out in December.
- John handed out a map of Soil classes in the municipality. He felt that after considering all the options for protecting the good agricultural soils from excessive or over-development in the municipality, the Canada Land Inventory Map provides the best resource; but the intent is to provide this resource as just one of the decision tools and that it would not carry a no or yes weight in the final policy.
- John reviewed the changes to the Official Community Plan goals and objectives with the committee members. The goals and objectives revisions agreed to by the committee are attached hereto to these minutes for future reference.

Next Meeting:

The next meeting is scheduled for Tuesday, May 12th at 7:00 p.m. in the Council Chambers.
